PRESS RELEASE

The Lerigo Charity Cricket Team raises £425 with charity cricket match in Middleham.

Despite having to reschedule the match due to rain, the cricket match, silent auction of sporting memorabilia and raffle proved to be a great success.

The Lerigo Charity XI cricket team played against Middleham CC XI team at a charity match, organised by the Lerigo family, held on the rescheduled date of the 24th August.

Three generations of the Lerigo family cricket team play an annual charity cricket match, roaming the country and raising money for different charities as they go. On this occasion in Middleham, both Racing Welfare and Herriot Hospice Homecare were recipients of their generosity.

Lesley Graham, Chief Executive at Racing Welfare said, "The location of the match was very fitting for us as a recipient charity; Racing Welfare manage young people's accommodation in Middleham to help support new entrants to the Racing Industry in the area".
